Dear Mr. Pommer:

Your of the 29th ultimo was duly received. Anything you may be called upon to do as to say regarding the State Song will always, I am quite sure, meet with my approval.

I have already received several communications from aspiring composers(?) asking about the rules, etc, which, no doubt, will soon be formulated and published.

The picture, in my opinion, came out very well indeed. And I certainly do not object to your sending a copy to Governor Hadley.

Cordially,
Charles Galloway.
