MUSICAL DIRECTOR

April 28, 1924.

Mr. C<sup>o</sup> Walter Hughes,  
St. Louis, Mo.

Dear Sir:--

Every city that boasts of civic and educational advancement provides for the musical and artistic stimulation of its citizens.

The Apollo Club is a male chorus of eighty members that for thirty years has continuously provided musical entertainment of the highest order to its associate members and a music loving public.

Three private concerts are given each season for which the club is prepared by its eminent director, MR. CHAS. GALLOWAY, and assisting soloists are engaged from among the world's greatest artists. The Club stands for the best and highest in male choral effort, and our city has shared in its national reputation.

The Apollo Club has always maintained its financial status, unfortunately however, increased expense and overhead has so depleted its reserve fund through the past three years, as to threaten not only its future usefulness but its very existence.

The executive committee wishes to evade the responsibility of discontinuing so splended an organization without making known the facts to you and eliciting your interest and help with a view of its continuance

WE ARE NOT ASKING FOR DONATIONS. We need an audience and we want you and yours in that audience. An investment of \$11.00 entitles you to two seats at each of three concerts given by the Club; you obtain in return many times over the value of this investment, and are perpetuating an organization that has for these many years maintained a wonderful position in our city.

Send us no money now, just sign the enclosed card and mail it. Collections will be made next September. Concerts will be given in November 1924, February and April 1925.

WE URGE YOU TO HELP US MAINTAIN THE APOLLO CLUB.

Sincerely yours,  
Executive Committee,  
Apollo Club of St. Louis.
