This is National Health Week and the Tuberculosis Society of St. Louis is conducting a Campaign for the prevention of disease and promotion of health. It is endeavoring to reach all classes of people in its educational health work—young and old, rich and poor—employer and employee. Children are taught health habits in school; undernourished children are cared for in Open Air Schools; health movies and talks are given to employees in factories. They need your interest and help to spread their health work and make "All for Health—Health for All" the slogan of our whole community.

THE BISHOP'S CRUSADE

The Bishop's Crusade of which we have heard and read takes place in the Epiphany Season. The object of this Crusade is to quicken the religious life of the Church.

No movement of any kind can arrive anywhere without preparation. To get ready for the Crusade we need to be thinking about it and to be praying for it. To aid in this there is to be a Service of Prayer and Meditation, 10:00 o'clock, Tuesday of this week.

If we discover our relationship needs improvement, we shall want to resolve to improve it—take such measures to bring your resolution to good effect. In the time you are able to give, try to find out in quiet reflection and prayer just what Jesus expects of you.
